## **DETAILED ACTION**

### ***Drawings***

1. The drawings are objected to under 37 CFR 1.83(a). The drawings must show every feature of the invention specified in the claims. Therefore, the following feature of the invention must be shown or the feature(s) canceled from the claim(s):

the side coach panels and rear coach panel of claim 1,  
the rear and two side structural panels of claim 9,  
the third and fourth adjoining trim panels and roof coach panel of claim 17, and  
third and fourth adjoining trim panels and roof structural panel of claim 19.

No new matter should be entered.

A proposed drawing correction or corrected drawings are required in reply to the Office action to avoid abandonment of the application. The objection to the drawings will not be held in abeyance.

### ***Claim Rejections - 35 USC § 112***

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 17-21 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

With regard to claims 17-21, the third and fourth adjoining trim panels are unclear as to which panels of the invention the applicant intends to recite. In addition, the roof coach panel (claim 17) or the roof structural panel (claim 19) is unclear as to what feature of the invention the

Art Unit: 3612

applicant intends to recite. Specifically, no distinct roof panel is set forth in the specification. In addition, the drawings do not aid in the clarity of the panels or the interconnection of the panels.

***Allowable Subject Matter***

4. Claims 1-3 and 9-12 are allowed.
5. Claims 17-21 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

***Response to Arguments***

6. Applicant's arguments with respect to the claims have been considered but are moot in view of the new ground(s) of rejection.
